

Nonprofit Leadership Alliance Career Development Award Student Application Guide

About the Alliance Career Development Award

The Nonprofit Leadership Alliance Career Development Award program is designed to eliminate the barrier of an unpaid internship and increase diversity of the nonprofit workforce by providing \$2,000 internship stipends for students completing their Certified Nonprofit Professional (CNP) credential. The program also fosters partnerships with internship sites, building stronger relationships with our national and local partners. The stipend is provided in two checks to the student, one at the beginning of the internship, and one at the completion of the internship.

The Career Development stipend is awarded through a competitive process. The purpose of this guide is to assist applicants to submit a strong application. The application requires notation of student volunteer and leadership activities, a 500 word essay on one of the topics provided, and two letters of recommendation. The applicant's Alliance Program Campus Director completes a separate evaluation form once the application is submitted. A Selection Committee, composed of faculty and nonprofit professionals, reviews each application and recommends the award recipients.

Application Review and Scoring Factors

The scoring of an Alliance Career Development application is divided into three parts:

1. Campus Director Evaluation form
2. Review of application by Alliance Career Development Selection Committee
3. Consideration of weighting factors

Campus Director Evaluation Form

Your Campus Director will provide an evaluation based on your progress in the CNP program and your likelihood of completing CNP requirements. A Campus Director Evaluation is required before the application will be forwarded to the Selection Committee.

Review of application by Alliance Career Development Selection Committee

Eligible applications are forwarded to the Selection Committee for a blind review. All identifying information is removed from the student application. This includes the student's name, campus affiliate, etc. The committee is comprised of Nonprofit Leadership Alliance Campus Directors and faculty, CNPs, National Board Members, and National Workforce Affiliate Executives.

Reviewers are expected to avoid any conflicts of interest and abstain from scoring an applicant with which there is (or appears to be) a conflict.

The Selection Committee scores each eligible application on four (4) factors:

Leadership and Engagement Experience: This portion of the application requests the student to demonstrate an overall commitment to improving their community. Students are asked to provide two volunteer leadership/service experiences (which are encouraged to be in the Alliance Student Association), and must be within two years of the application. Please be specific in discussing your role and the impact of the role/project.

Essay: Three essay prompts are listed asking applicants to discuss their leadership experience, experiences in diverse populations and contexts, and internship goals. You only need to respond to one essay prompt. The essay is critiqued on clarity and appropriateness of content and form. It is highly

recommended that you have someone to proofread your essay before submission to avoid spelling and grammatical errors.

Two (2) Letters of Recommendation: At least one letter should be from a campus leader (faculty, advisor, or administrator) other than your campus director. Your campus director will have an opportunity to complete a student evaluation. The second letter can be from your employer (i.e., supervisor, manager), or community leader (i.e., official leaders, civic leader, or religious leader).

Additional points included in the final score

Additional points are added after the Selection Committee submits their scores. These items are **not required** for your application.

Financial Need: In order to help more students for whom an unpaid internship would be a barrier to CNP completion, students are requested to provide their FAFSA Estimated Family Contribution number (EFC). The submitted EFC will be weighted appropriately to assess financial need. Students who do not provide an EFC will be assumed to be in the top financial percentile and will not receive weighting. To obtain your EFC report, visit FAFSA at <https://fafsa.ed.gov/>.

Internship with Alliance Nonprofit Partner: Preference will be given to students who have acquired internships with the Nonprofit Leadership Alliance's National Nonprofit Partners. For a list of current partners please visit www.nonprofitleadershipalliance.org .

The Nonprofit Leadership Alliance reserves the right to change any component of the Alliance Career Development Award and application process at any time. This includes scoring criteria, terms, and conditions.
